

# Youth action on climate change

---

## **Youth action on climate change**

- What can we do more of, differently or better?
- More disaster & health response

“Prevention better than cure!”

- Community Health
- Disaster Risk Reduction

## **Examples of what you can do:**

- Learn more about the effects of climate change in your country
- Raise awareness about climate change
- Volunteer and get vocal to get youth concerns heard
- Get together in a group to discuss climate change and create a project to address its impacts in your community
